Re: Docket #98P-0151/CPI

Gentlemen\Ladies:

I was pleased to learn that the USDA announced last year that it would stop purchasing meat from downed cows for Federal programs, including the National School Lunch Program. This letter is to urge you prohibit the slaughter of downed animals for any purpose.

With the very real threat of Mad Cow Disease, it is Russian roulette to allow animals too sick to stand to be slaughtered for human or animal consumption.

It is the FDA's responsibility to protect Americans from such dangers.

Sincerely yours,

cel

The animals of the world exist for their own reasons.

They were not made for humans any more than black people were made for white, or women created for men. ~ Alice Walker
